Career Objective

Aspiring software engineer with strong foundation in algorithms, data structures, and web development. Seeking a software engineering role where I can apply my technical skills to build scalable solutions while continuously learning and growing in a collaborative environment.

Education

Bachelor of Technology in Computer Science and Engineering, JNTUH.

2023-27

Vardhaman College of Engineering, Shamshabad

CGPA: 9.12

Intermediate in MPC, Telangana Board of Intermediate Education (TGBIE).

2021-23

Narayana Junior College, V.V.Nagar, Kukatpally

CGPA or Percentage: 96.7

Tenth Class, Telangana Board of Secondary Education (BSET).

2021

Annu's Academy High School, Wanaparthy

CGPA or Percentage: 10.0

Internships

LLM Post Training Intern

Feb 2026 – Present

Ethara AI (Remote)

- Worked on AI data workflows for Large Language Models (LLMs), focusing on post-training and evaluation.
- Performed data annotation and response evaluation to improve model quality and reliability.
- Collaborated with quality leads to ensure adherence to AI data and evaluation standards.

Backend Developer Intern

Feb 2026 – Present

Kraviz Tech (Remote)

- Contributing to backend development for internal platforms including MelodyMeet.
- Working with APIs, databases, and backend architecture for scalable web applications.
- Assisting in secure data handling, system integration, and backend feature implementation.

Projects

Adaptive E-Learning System

2026

- Developed a machine learning based adaptive e-learning system to personalize learning paths for students.
- Implemented competency graph modeling and mastery prediction to adapt quiz difficulty based on learner performance.
- Built a framework that enables mastery-based progression and personalized learning recommendations.

Library Management System

2025

- Developed a Library Management System with Admin and Student dashboards.
- Implemented features to manage books, track borrowing and returning activities.
- Designed a clean and user-friendly interface for efficient library operations.

Mental Wellness Companion

2025

- Developed a responsive mental wellness web application using HTML, CSS, and JavaScript.
- Implemented mood tracking features and curated mental health resources for user support.
- Designed a clean and intuitive UI to help users monitor mood trends and access wellness content.

Technical Skills

- **Languages:** Java, C/C++, Python, JavaScript, HTML+CSS
- **Libraries & Frameworks:** Python Libraries, React
- **Web Dev Tools:** VS Code, Git, Github
- **Cloud/Databases:** Relational Database(MySQL)
- **Relevant Coursework:** DSA, OS, OOP, DBMS, Software Engineering

Soft Skills

Problem Solving, Team Collaboration, Communication, Time Management, Adaptability, Analytical Thinking.

Certifications

– **Salesforce Certified Agentforce Specialist**, Salesforce

December 2025

– **Cambridge Linguaskill Business English Proficiency Assessment (CEFR Level: B2)**

December 2025

– **Oracle Cloud Infrastructure 2025 - AI Foundation Associate**, Oracle

October 2025

Certificates

- **Certificate of Appreciation - Case Study Completion**, MassMutual India

October 2025
- **Google AI Essentials**, Google(Coursera)

July 2025
- **Design and analysis of algorithms**, Swayam, NPTEL

Jan - March 2025

Achievements

- Selected for Smart Interviews training program through competitive internal evaluation, demonstrating strong problem-solving skills.
- Cleared institute-level screening round for Smart India Hackathon (SIH), advancing among top-performing teams.
- Published research paper titled "Mental Wellness Companion," proposing innovative technology solutions for mental health support.

Extracurricular Activities

- **Participant – "A Day as a Cadet" Program**, National Cadet Corps (NCC)

2025

 - Participated in a structured cadet training program focused on discipline, teamwork, leadership, and national service.
- **Competitive Programming Practice**

Ongoing

 - Consistently practice data structures and algorithms on LeetCode, HackerRank, and CodeChef to enhance problem-solving abilities.
